Join the Open Hearts Movement

Join our family of sponsors and donors who support the mission of the Open Hearts Foundation each year at our Celebratory Gala. Become inspired by the Open Hearts Philosophy that moves our mission forward every day.

On Saturday, February 17th, 2024, guests will enjoy a black-tie optional affair at Calamigos Ranch in Malibu with hosted cocktails, a formal three-course dinner, live auction, inspiring entertainment, and two very special honorees.

For our Benefactor ticket guests and sponsors, a private dinner will be hosted on Friday, February 16th, 2024, at the private Malibu estate of Jane Seymour. As a generous donation from Jane, guests will enjoy a hosted cocktail reception and dinner overlooking the beautiful Pacific Ocean as the sun sets.

There is a place for everyone in our Celebratory Gala and Online Auction, whether you generously give a philanthropic gift, donate a luxury auction item, or give products to our gift bags.

We all have a role to play in the Open Hearts Movement.

The Open Hearts Foundation's mission is inspired by Jane Seymour's mother, Mieke Frankenberg.

Mieke Frankenberg was a prisoner in a Japanese internment camp in Indonesia during World War II. Despite the extreme challenges over the three and a half years, Mieke made a choice each day to help others and, by doing so, she created a lifetime of selfless acts of kindness and humanity.

It was Jane's vision to turn her mother's philosophy into a movement that inspires the world to turn adversity into an opportunity to help others. By doing so, you can live with an open heart and find purpose.

The Open Hearts Foundation was created with this vision, guided by our Board of Directors and led by our Executive Director.

When you invest in the Open Hearts Foundation, you invest in a movement that inspires a global family of volunteers to help others and that provides grants to emerging charities whose lifesaving programs impact thousands of vulnerable communities across the US.

“It is my hope that the Open Hearts Philosophy will become a movement through the Foundation’s work and legacy. Whether big or small, a generous donation or volunteering, we all have a role to play in lifting others up, inspiring those around us, and doing what we can to help others. Everyone is welcome to join the Open Hearts Movement,”

Jane Seymour, Co-Founder, Board member, artist, entrepreneur, and award-winning actress.
